

# **Abstract Submission Template**

## **INTERNATIONAL CONFERENCE ON EMERGING TRENDS IN ENGINEERING, MANAGEMENT & APPLIED SCIENCES - 2026**

*Theme: Next-Generation Intelligence: AI Across Disciplines*

### **Title of the Paper**

*(Times New Roman, 14 pt, Bold, Centered)*

**Author Name1**, Author Name2

Affiliation (Department, Institution, City, Country)

Email: [author@email.com](mailto:author@email.com)

### **Abstract**

*(200–250 words, Times New Roman, 12 pt, 1.5 line spacing)*

Provide a concise summary of the research study. The abstract should clearly describe the **background of the study, research problem, objectives, methodology, and key findings or expected outcomes**. Authors should highlight the significance of the research and its contribution to the field of **Artificial Intelligence and interdisciplinary innovations across engineering, management, computer science, or applied sciences**.

The abstract should be written as **one continuous paragraph** and should not contain references, figures, or tables. The content must represent **original and unpublished work**. Ensure that the abstract clearly indicates the novelty of the research and its relevance to the conference theme and tracks.

### **Keywords**

AI, Machine Learning, Smart Infrastructure, Data Analytics, Digital Transformation

*(Provide 4–5 keywords)*

### **Conference Track**

*(Please select one)*

- Track 1: AI in Engineering & Smart Infrastructure
- Track 2: AI for Business, Management & Decision Sciences
- Track 3: AI in Computer Science & Applied Sciences
