

CALL FOR PAPERS

INTERNATIONAL CONFERENCE ON EMERGING TRENDS IN ENGINEERING, MANAGEMENT & APPLIED SCIENCES - 2026

The **Global Research Institute of Management & Technology, Radaur, Yamunanagar, Haryana, India**, is pleased to invite researchers, academicians, industry experts, and practitioners to submit their **original research papers** for the **International Conference on Emerging Trends in Engineering, Management & Applied Sciences - 2026**

The conference aims to provide a **global platform for knowledge exchange and collaboration** in the rapidly evolving field of **Artificial Intelligence and its interdisciplinary applications** across engineering, management, computer science, and applied sciences. AI is transforming industries, research methodologies, and decision-making systems. This conference seeks to bring together scholars and professionals to discuss **emerging technologies, innovative research, and practical implementations of AI across diverse domains.**

Researchers are invited to present **original, unpublished, and high-quality research contributions** addressing theoretical developments, practical applications, and emerging challenges in artificial intelligence and interdisciplinary innovation.

CONFERENCE THEME

Next-Generation Intelligence: AI Across Disciplines: Explain how AI is transforming engineering systems, business decisions, scientific research, and digital ecosystems.

Conference Tracks

Track 1: AI in Engineering & Smart Infrastructure

- AI for Smart Cities and Urban Infrastructure
- Artificial Intelligence in Civil Engineering and Construction Management
- Structural Health Monitoring and Predictive Maintenance using AI
- Intelligent Transportation Systems
- AI in Sustainable and Green Engineering Technologies
- Digital Twins and Smart Infrastructure Systems
- Robotics, Automation, and Industrial AI Applications
- AI in Energy Systems and Smart Grid Technologies
- IoT-enabled Intelligent Engineering Systems
- AI for Disaster Management and Infrastructure Resilience

Track 2: AI for Business, Management & Decision Sciences

- AI-driven Strategic Management and Organizational Transformation
- Business Analytics and Data-driven Decision Making
- Artificial Intelligence in Marketing and Consumer Behavior
- AI Applications in FinTech and Financial Analytics
- Human Resource Analytics and AI-enabled Talent Management
- AI in Supply Chain and Operations Optimization
- Innovation Management and AI-based Entrepreneurship
- AI for Governance and Public Policy
- Ethical and Responsible AI in Organizations
- AI in Digital Business Models and E-Commerce

Track 3: AI in Computer Science & Applied Sciences

- Machine Learning and Deep Learning Architectures
- Natural Language Processing and Conversational AI
- Computer Vision and Image Processing
- Big Data Analytics and Data Mining
- Artificial Intelligence in Cybersecurity
- AI in Healthcare and Biomedical Systems
- Quantum Computing and AI
- AI Applications in Environmental and Climate Sciences
- Mathematical Modeling and Intelligent Algorithms
- Explainable AI and Trustworthy AI Systems

Paper Submission Guidelines

- Authors are invited to submit **original and unpublished research papers**.
- All submissions will undergo a **double-blind peer review process** by experts in the respective fields.
- Accepted papers will be presented during the conference sessions.
- Selected high-quality papers may be recommended for **publication in reputed journals / conference proceedings (subject to editorial policies)**.

Important Dates:

Last Date for Abstract Submission: 25 March 2026

Last Date for Full-Paper Submission: 31 March 2026

Last Date for Registration: 10 April 2026

Conference Date: 11 April 2026
